

More companies jump on board

The nursery industry is now gearing up for its most important event of the year and just last week has seen an influx of new exhibitors reserving space at the show. This includes 5-Point Plus, Easy Tots, Mummy Loves Organics, Babymoov and Little Giants, to name just a few. With the numerous big brands and many other new and well-known companies already confirmed, visitors are guaranteed lots of new products to see at the 2019 show.

Full details are available on the website at www.nurseryfair.com – don't forget to register – and if you have a product you would like to present to potential buyers there are still a few spaces remaining.

New collections and celebrations

Venicci will present its newest collection at Harrogate – Asti – and here's a taster of what to expect.

Incorporating design and visual impact with technology, the Asti range is a modern travel collection which includes a 3-in-1 travel system, with the ability to convert from a lie flat pram, to a pushchair to a travel system (with the addition of an infant car seat). One of the main details is the braided handle offering a sophisticated look, making it outstanding, stylish and beautiful.

The Venicci team would like to thank its clients for enabling it to achieve its goals last year and in celebration invites everyone to its stand to celebrate with live music, cocktails and appetisers on Monday 25th March from 5.30pm to 8.00pm.
