## Stunning new venue for America

Visitors to Harrogate International Nursery Fair will be treated to some of Britain's finest culture in March with Harrogate's stunning 100 year old Royal Hall providing the venue for the North American Pavilion at the show for the first time ever.

The Royal Hall, the patron of which is HRH Prince of Wales, was returned to its former glory and officially re-opened in 2008 after more than £10m of restoration work. The final result is truly stunning and the decorative scheme is an authentic reproduction of the original which itself was acclaimed as one of theatre architect Frank Matcham's finest projects.

Show organiser, Adrian Sneyd comments: "This is the second year that ABC Kids Expo has staged a North American Pavilion in Harrogate and last year exhibitors within it were delighted by the culture and heritage provided by the town. We were asked about the possibility of utilising the Royal Hall for the North American Pavilion in 2014 and are delighted to have come up trumps. The venue, which is part of the Harrogate International Centre, is truly exceptional and visitors are highly recommended drop in to experience some of the UK's finest architecture – as well as some exceptional baby products too!"

Exhibitors in the North American Pavilion include Baby K'tan LLC, fofou baby, Jazzy Toes, Mabel's Labels, Pacific Baby Incorporated, Pura Stainless, RoomMates Décor, Sara Kety LLC, Wean Green and Zoli Inc.

The ABC Kids Expo team will also be on hand for anyone wanting to find out more about one of the US's largest baby trade shows which takes place in Las Vegas in September 2014.

Full exhibitor information can be found at [www.nurseryfair.com](http://www.nurseryfair.com)
