

Harrogate predicts a bumper 2011 show

With just over three months to go until Harrogate Nursery Fair 2011, visitors are in-store for a bumper show with the four main Halls A, B, C and M completely booked and limited space left in Hall Q - which is already 20 percent bigger than last year!

With over 150 exhibitors, including the majority of the major players such as Dorel and Silver Cross, the show is also delighted to announce the return of Boori and Bugaboo - both of which will have a prominent presence at the show.

Visitor numbers to the 2010 Harrogate Nursery Fair prove that this is the favoured trade event of the year – and registrations for 2011 so far suggest a greater footfall for the forthcoming show than ever before.

Nursery retailers from across the UK and Europe will once again take advantage of the chance to view all of the latest new products from well known brands plus lots of new names to the industry too.

Undoubtedly, the stunning Harrogate location, together with the fantastic business networking opportunities which take place throughout the show, provide the winning combination which continues to make this the number one nursery trade event of the year.

Don't forget to register online at www.nurseryfair.com to ensure you receive your free pass to the show. For those interested in exhibiting there is limited space left – please call the Harrogate Nursery Fair team on 01902 882280 or visit the website for more information.
