

Want to be Show Ready?

Modular framework as you have never seen it before.

Fullcircle

The aluminium frames can be reconfigured no matter the size or location of the stand, none of the materials are wasted, all frames are based on a hire only basis and completely reusable. If any of the parts of the stand can't be reused like the Foamex or fabric graphic panels, we make sure these are 100% recycled.

Want to **enhance** your Stand?

Below is a selection of optional upgrades available to help you create your ideal stand.

Fullcircle

*Please note that you can upgrade the height of your stand depending upon the location on the show floor.

Want to be Show Ready?

We use 100% reusable products and sustainable materials wherever possible. Our aluminium frames are lightweight, durable and at least 75% recycled, with aluminium itself being infinitely recyclable. Recycling aluminium uses just 5% of the energy required to produce new material, making it a smarter, more sustainable choice.
