

BPA – BANTA winners announced

BANT

With a buzzing first day of the show and exhibitors and visitors keenly discussing business at Harrogate International Nursery Fair, the Baby Products Association's Baby & Nursery Trade Awards (BANTAs) judges were busy deliberating over numerous quality entries for 2021.

Penny Franks, editor of Nursery Today magazine and also one of the judges commented: "It was fantastic to see so many interesting and innovative products this year and natural, environmentally friendly and sustainable qualities were very much high on the agenda for many of the entries. It is a pleasure to see that our industry is taking this subject seriously."
