

Get prepared for Harrogate

Whilst many of us enjoying school summer holidays, it's never too soon to start preparing for your favourite trade show – Harrogate International Nursery Fair, which is just two months away. The

UK's only nursery trade show takes place from 15th to 17th October 2023 and whilst you may be lulled into thinking you can leave booking your accommodation until nearer the time, the show organiser advises planning in advance. Adrian Sneyd said: "Harrogate is a very popular tourist destination and whilst there are lots of hotels and guest houses, with so many people attending the show, these tend to book up very quickly. If you are planning to attend the show, we highly

recommend sorting your accommodation as soon as possible."

Once again, Harrogate International Nursery Fair has partnered with Mice Concierge which has secured special rates with many of Harrogate's favourite hotels. Visit [Harrogate International Nursery Fair \(miceconciergeme.com\)](https://miceconciergeme.com) for more information.

Value and design

Enter the world of Ubbi, where innovative products are designed and created with parents and children in mind. Under the Ubbi name, you will find unique, quality products that are easy to use, helping to simplify parents' lives while keeping babies as happy and safe as can be. From concept to final creation, the Ubbi team works together every step of the way to bring the best in design and value. The input of every member is taken into account, but consumer input is the most important as customer satisfaction is our primary goal.

Baby care leader

Angelcare was founded in 1997 by a first-time father who understood how worrisome it could be to care for a newborn. Ever since, innovation has driven every facet of the company's development, resulting in innovations like the very first baby monitor that could detect baby's slightest movements. Today, Angelcare has become a worldwide leader in baby care, with products sold in more than 50 countries and a brand name that's synonymous with homegrown innovation in the baby monitor, diaper disposal, and bath product categories to make parent's everyday moments... a little simpler.
