

Great social atmosphere

Visitors to Harrogate International Nursery Fair on Sunday enjoyed warm hospitality from exhibitors across the show, with BabyStyle and Silver Cross in Hall M leading the way. With drinks and canapés flowing, the halls were alive with conversation, networking, and good cheer right up until closing at 8:30pm.

The celebrations continue tonight (Monday), with more drinks receptions taking place — including Cybex on stand A3 and Venicci on stand M2 — with everyone welcome to participate.

Tomorrow is the last day of the show with the doors opening from 9:30am and closes a little earlier at 4:30pm. For full details, visit www.nurseryfair.com or download the show catalogue [HERE](#).

Easy eating

From morning porridge to lunchtime pasta, the new porcelain dish set and matching children's cutlery from the LÄSSIG HAPPY FRUITS collection turn every family meal into an exciting little adventure. Cheerful cherry and lemon motifs bring instant good vibes to the table, while thoughtful details — like ergonomic handles and a safe training knife — help little ones eat independently, one bite at a time.

Contemporary crib

Tutti Bambini's iconic bedside crib range gets a major refresh this season. At Harrogate, the brand unveils three new CoZee models: CoZee Zen, the feature-rich CoZee Air 2, and the premium CoZee Sense, a contemporary crib that introduces light, sound, and white noise technology for the first time. With softer fabrics, natural textures, and tonal colourways, the new CoZee lineup brings beauty, innovation and peace of mind to modern sleep spaces. Designed for comfort, created for connection, CoZee continues to be a trusted name in early parenting.
