

An abundance of new exhibitors!

If you are seeking new and innovative products for your store, Harrogate International Nursery Fair is your one-stop-shop this year with numerous new or returning brands exhibiting including household names such as Mamas & Papas, iCandy, Artsana UK, Chicco and Recaro, Dorel and Cybex to name just a few.

With new brands signing up almost daily – visitors are promised a bumper event in October – visit the website at www.nurseryfair.com for a full exhibitor list.

Wrapped up

Joy and Joe is proud to participate in Harrogate International Nursery Fair 2021. Its slings have been named by the Mirror Newspaper as a must have for new mums for three consecutive years. Over time, it has garnered a reputation for creating durable wrap slings that are also very stylish for parents to wear and most importantly very comfortable and safe for children. The company continues to infuse a hand finished craftsmanship with a modern style in our wraps, offering mums and dads a very enjoyable wrap carrier that is refreshingly authentic and reliable.

Playtime

Halilit is excited to unveil Taf Toys' latest releases at the show including two gorgeous activity toys – Harry the Lion and Kimmy Koala. Standing at 25cm tall and packed with developmental features, these plush characters are just some of the fantastic additions to the popular Koala Daydream and Savannah Adventures collections for AW21. Other new launches

include the My First Tummy Time Cards – free standing double sided felt cards designed to engage little ones in this key activity, and the Savannah Adventures Arch – a charming developmental toy offering sounds, senses and motor skills development for the car seat or pram.

Togetherness

Visit KahuBaby to find out more about Simple Togetherness with the KahuBaby Carrier. KahuBaby's three click design is simple, lightweight, and designed to complement parents' busy lifestyles. With its unique cinching system, Kahubaby is perfect for carrying babies from birth through to the toddler years. Easy adjustability, plus four carrying positions, enables the parent and baby to go places and get things done, together. Designed in Britain, KahuBaby is tested to the most recent safety standards. It's ergonomically designed to support baby's optimum hip development, and because parents' comfort matters too.
