Cheers!

Make hydration fun with the Infantino My 1st Tumbler, available in a beautiful range of colours from calming Moody Blue to delightful Pirouette Pink. Designed especially for little hands, this lightweight 255ml tumbler helps toddlers build confidence as they learn to drink independently. Made from 100% soft silicone, it features an easy-grip design, a convenient carry handle, and a clever leak-resistant straw with an anti-spill valve to keep messes to a minimum. Perfect for home, travel, or days out, it fits most cup holders and is dishwasher safe. Stylish, practical, and fun, it's the ideal first tumbler for growing toddlers.

Winter ready

Done by Deer's new footmuff and mittens land ahead of the AW26 season, built for the out & about category with water-repellent fabric and soft lining that hold up to daily use. A natural bundle with its existing pram accessories, it's designed to move quickly at retail during the colder months. See us at the show to see the collection first-hand and talk ranging for AW26.

Celebrating 20 Years

Red Kite Baby is returning to Harrogate for the 20th year and would like to welcome you to a brand-new stand and location this year. The new location is Hall C and all the team will be there to introduce customers to several new product launches. On trend earth inspired muted colours dominate the range and provide strong but subtle accents in design and fabrics. Building on its core ethos of family value and quality, these principles resonate with young families more and more.

The Red Kite Baby team would love to see as many of its old friendly faces as possible and hopefully meet some new ones to share its products and brand values with you.
