

View the digital show guide

This is our final newsletter prior to the show and we hope that you have enjoyed seeing a snippet of some of the fabulous products that exhibitors have to offer. Before you arrive in Harrogate, do take a look at the [Digital Show Guide](#) which includes everything you need to know about the show, including a full list of exhibitors.

We wish you a safe journey to Harrogate and look forward to seeing you when the show opens on Sunday 12th October!

Exclusive first look

Avionaut will be unveiling its new brand and giving an exclusive first look at the Pixel 3 car seat.

This is a unique opportunity to discover the company's newest innovations designed with safety, comfort, and style in mind. The Avionaut team will be on hand to guide you through the features and answer any questions.

Inspired by nature

To mark Roma's 10th Anniversary, we proudly unveil **Moonfleet**. With special editions created in collaboration with the Royal Horticultural Society, each are inspired by nature and designed with sustainability at its heart. Moonfleet represents the culmination of years of research into practical parenting. The system combines effortless functionality with refined aesthetics, offering parents a solution that's as stylish as it is durable. Crafted with eco-conscious materials and thoughtful detailing, Moonfleet is perfect for modern families who value both comfort and responsibility. Like a flourishing garden, it nurtures new beginnings—celebrating Roma's heritage while paving the way for a greener parenting journey.

Worry-free monitor

The new and exciting LeapFrog LF5817HD 7" Ultra Smart HD Over-the-cot video baby monitor from Murrays will enable you to either watch over your little one at home using the 7" HD colour LCD parent viewer display or via your smartphone/tablet with away from the home using the LeapFrog Baby Care+ App connected to this Wi-Fi enabled Camera.

Parents can enjoy a monitor that grows with their baby, starting with the worry-free floor stand that provides a corner-to-corner view of your cot. Transition simply to a table mount when a crib view is not needed. The LF5817HD also comes

with a huge array of market leading features to ensures parents are always eyes and ears on every movement baby makes.
