

Book accommodation early for Harrogate to ensure a great price!

With Harrogate International Nursery Fair, the UK's only baby product specific trade show, fast approaching, exhibitors and visitors are advised to book accommodation as soon as possible to ensure preferential hotel rates.

Once again, the show has partnered exclusively with MICE Concierge and the event's trusted accommodation partner has secured exclusive hotel rates at properties located within walking distance of the Harrogate Convention Centre.

Christie Brace, accommodation and events project manager for MICE, comments: "Much of the accommodation we have to offer is even more competitively priced than last year, ensuring great value during a busy season. We recommend booking through the official channel as this service is fully supported by the event. Staying in one of the accredited hotels means you'll be alongside fellow attendees making it easier to network, socialise and get the most out of your experience."
