

Snapshot of the show

With over 100 brands already signed up for Harrogate and many more yet to confirm, visitors can expect to see plenty of new and refreshed ranges from favourite companies as well as many exciting new products from companies new to the show, or those which haven't attended for many years. In the run up to the event, we will be sharing snippets of what you can expect to see when you visit. Check out the [Exhibitor List!](#) and if you want to be guaranteed time with specific exhibitors, you can contact them in advance to confirm an appointment!

Don't forget to spread the word about the show to industry colleagues who may not be aware of the show – it's totally free to attend for everyone in the trade; and of course, there is the not-to-be-missed FREE cocktail party on Sunday 17th too!

UK first

The Anex team can't wait to showcase a lot of updates at Harrogate International Nursery Fair; and the show will become the platform for Anex m/type PRO presentation - improved by EPP material, 2021 Red Dot-winning pushchair. Moreover, the brand is preparing for the world launch of its new innovative buggy, hitherto unseen on the market.

In addition to iconic models of its flagship strollers, Anex will show renewed collections of colours and designs for the first time in the UK!

Undroppable

The Tie Teether is launching at Harrogate, the first of its kind, a non-droppable teething solution that looks incredibly stylish on any outfit! Baby safe clip on makes it easy to use and stay on. The Crinkle noise effect is stimulating and fun to play with whilst the BPA-free food grade silicone teething end is the perfect chew easily found by the baby at any time. Machine washable and available in two colours.

Just right

Not too hard and not too soft – Little Chick London's Toddler Pillows offer the perfect level of comfort and support for children transitioning from a cot to a bed.

Babies shouldn't sleep on adult sized pillows which are too big and soft for little, developing necks and heads. The Little Chick London pillows come in a classic rectangular shape, or for more fun a gorgeous star shape, each with their own pretty cotton jersey cover. The cover of the classic shaped pillow is machine washable; and both pillows are filled with breathable, anti-allergy hollowfibre and are fully washable. Just like baby bear, toddlers can now have a pillow that is 'just right' promising a restful night's sleep for little 'Goldilocks' everywhere.
