Modern swaddle

Breathablebaby is excited to announce the launch of its newest product at Harrogate International Nursery Fair, the **Active Swaddle Trio 3-in-1**. Independently tested with safety a priority, the Active Swaddle Trio 3-in-1 covers three important sleep stages from birth to around four months and is fully adjustable allowing parents to find the perfect fit that works best for their own baby. Arms can be swaddled up, down or outside – whichever helps the baby to sleep securely and more comfortably.

Made from premium activewear fabric, which provides stretch and compression for a womb-like feel and extra-wide at the hips to allow healthy leg movement, the swaddle also has bottom openings for easy nappy changes and to keep babies cool in warmer weather.
