

## Time to start planning your visit

With just two months until Harrogate International Nursery Fair, the industry is gearing up for another great show. Exhibitors are preparing to present some fabulous new ranges, with many of the larger brands returning – and some interesting new and returning companies too.

In the weeks running up to the show, we will be sending out a regular newsletter with snippets about some of the exciting products that will be on offer, together with exclusive show offers available only on orders placed at the show.

If you are receiving this newsletter, then you are already registered on our show database, but if you have new colleagues who may not have visited before, or know of a company which you feel would benefit from attending, please forward this to them.

Visiting the UK's only nursery trade show is FREE – simply register online at [www.nurseryfair.com](http://www.nurseryfair.com) – you can also follow us on Facebook and Instagram.
