

Don't miss all the major brands at Harrogate

Nursery retailers and buyers seeking exciting new ranges from all major baby brands should make a firm date to visit Harrogate International Nursery Fair this March and the chance to see numerous new product launches all under one roof.

The UK's only nursery trade event of the year, Harrogate International Nursery Fair offers the ultimate opportunity to compare and select new stock items from manufacturers and suppliers of prams and wheeled goods, car seats, nursery furniture, safety equipment, toys and practically everything a parent could possibly need from early pregnancy right through to pre-school years.

For the first time ever, nine halls of the Harrogate International Centre will be packed to bursting with a dominant presence in Hall A by East Coast Nurseries and Casual Play; Hall B with Hauck Group, Mutsy and Babystyle UK; Hall C with Jané and Concord; Hall D with Distributor Corporation UK, Halilit and Whitestep Ltd; Hall H with Bibs n Stuff, Clair de Lune, Tippitoes and Oxo Tot; and Hall M with Recaro, Chicco, Dorel, i-Candy, Kiddy and Out n About. These large exhibition stands will be interspersed with numerous smaller exhibitors both old and new ensuring diversity and variety throughout the halls.

Hall G will be the focal point of the show for many visitors this year as it not only houses major wheeled goods brands including Britax and Graco but will also provide the platform for a brand new seminar programme and the hugely popular VIP Visitor lounge. Also not to be missed this year is the North American Pavilion which will be housed in the fabulous Royal Hall and hosted by ABC Kids Expo with an interesting array of products from our US counterparts.

Harrogate International Nursery Fair is open from 23rd to 25th March 2014 and will also host the Baby Product Association's BANTA and Concept & Innovation Awards. Networking and entertainment includes a Party & Awards night and an evening of free drinks, snacks and entertainment. For a full details about the show and a list of exhibitors visit www.nurseryfair.com.
