

Don't rush your visit

With just over two weeks until the UK's only nursery trade show, Harrogate International Nursery Fair confirms that every single exhibition stand space is now sold filling nine halls of the Harrogate International Centre in its entirety.

Adrian Sneyd, show organiser, comments: "Visitors will be in for a real treat this year with more exhibitors covering a larger floor space than ever before. Not only are most of the big, well known brands returning, but there are numerous new exhibitors from around the world attending the show for the first time promising buyers lots of exciting new product ranges.

"Gone are the days when the show filled three of four halls and visitors could scoot round and see everything in a day. We highly recommend a minimum of two days to take in all on offer for those in a hurry, but if you want to relax, peruse products and buy at your leisure it is well worth a three day attendance."
